## SALON FREESTYLE

This class is for you to show your salon talent. Salon freestyle class is a free for all class, with the idea of styling your breed NOT in its own breed standard. You may style your Pure Breed to look like a crossbreed or another breed, or you can make your cross breed to look like a Pure Breed. Use a combination or be creative with your teddy trims. For eg. Poodle styled like a Kerry blue, A Poodle x Maltese styled like a Bichon or a Bichon styled in a teddy trim the choice is yours.

**Not permitted:** Decorative objects, such as bows, beads and glitter are not permitted, with the exception of those permitted in the conformation show ring for the drop coated breed head piece, such as the Yorkshire Terrier Maltese and Shih Tzu. Colouring, other than to enhance the natural colour of the dog's coat.

**Permitted:** Holding sprays (provided the judge can comb through the coat) Holding sprays and chalk for the headpiece to achieve breed profile (The judge will take this into account) chalk (provided the chalk does not rub off on the judges hands in final judging). ## WHAT WILL THE JUDGE BE LOOKING FOR?

- The suitability of the trim to the dog's confirmation and breed profile.
- The quality of the clipper work.
- Whether the pattern is placed correctly and evenly, and clipped with the appropriate blade.
- Whether the clipped lines are definite and straight, and neatly bevelled where they meet the body coat.
- Whether the groomer has used a blade complimentary to the coat (if there is no pattern and the body is clipped overall).
- Whether the feet, face and tail are clipped with the appropriate blade.
- Whether the clipper lines on the face are straight and the clipper work is smooth with no tufts of hair around the lips or eye corners.
- Whether the feet are clipped clean between the toes and the pads.
- The quality, uniformity and smoothness of the scissoring: whether the finish is like that of plush velvet, free of scissor marks. Whether the legs are scissored evenly and are of sufficient fullness to balance the dog. Whether the topknot and tail are properly shaped and in balance to each other.
- The degree of difficulty of the clip. This does not mean that fancy patterns should necessarily take precedence since scissor trims can be just as difficult with certain coat textures.
- The dog's overall finished appearance with the emphasis on balance, symmetry and smoothness of finish. The trim should hold together when a comb is passed through the coat.
